RUMANIA DECLINES GERMAN OFFER

New Headline Style Called Streamlining

Both Readers And Advertisers Benefit By Changes

Today's Republican-News comes to you in a new "eye-conditioned" and "streamlined" headline dress. In line with its policy of constant modernization through the adoption of workable and proven improvements, the benefit of its readers and advertisers, the Republican-News has adopted an entirely new appearance giving greater legibility through the use of new headline type faces. All headlines heretofore set exclusively in capitals and justified, and all headlines combined, on the recommendation of typographers and eye experts, because such heads are more easily read and the eyes of readers are released from the strain of deciphering all-capital heads.

The number of aligning the lines of the new style is changed. Gone are the old "drop" heads. No longer is the conventional method of having lines of heads in uniform lengths achieved by artificial spacing of letters and tedious letter-counting by the head writers. The old style alignment of lines to form a "pyramid" to the right is discarded. Instead, the lines are written in regular lengths as the dictates of brevity and clearness require, and the lines are set flush to the left of the column in the so-called "streamline" style.

A similar change is made in the secondary heads of the main heads. Instead of having the lines written in uniform lengths as the dictates of brevity and clearness require, and the lines are set flush to the left of the column in the so-called "streamline" style.

The new type faces and the method of aligning the lines in heads achieves for the Republican-News a much greater legibility as well as an informal appearance and a black-and-white contrast technique so characteristic of modern printing style.

To enable the change, the Republican-News has installed a new model 32 Linotype machine, one of the largest and most intricate of type-setting machines. With it are set all the headlines ranging from the largest of 24 point down to 14 point, and in addition it is used for the setting of the 7-point line type of news matter.

In securing the new headline type faces, the publishers purchased styles to conform with the news matter type purchased several years ago after typographical experts had proved its greater legibility. Even in the news matter the type is set with white space adequately separating each line for contrast and reading ease.

In case you are interested in technical details, the main headlines are now set in 34 point Erbar with the secondary "deck" in 14 point Spartan regular.

The next smaller heads are set in 24 point Metronome regular or italic and the next smaller in 18 point Metronome regular or italic.

Differences in the form of letters in each type "family" are apparent but

SENATOR BARR'S HOME DESTROYED BY FIRE

Joliet, Ill., March 16—(AP)—Fire destroyed the fashionable residence of State Senator Richard Barr early today when a Joliet city ordinance prevented firemen from going outside their territory to fight the blaze.

The senator and Mrs. Barr were vacationing in Florida, but Barr's brother, George, estimated the loss at \$50,000.

There also, Police Chief Arthur C. Hohmann of Los Angeles recently asked the department of state to keep him advised of Dahl's movements, for Dahl had been paroled in the spring of 1938 after pleading guilty to a worthless-check charge. When he vanished and fled to Spain, warrants were issued for his arrest on three counts of forgery.

Five other Americans, who like Dahl fought with the government forces before they were taken prisoner, are also on board the Exira, which has been delayed by storms. All were released by Franco on Washington's birthday anniversary.

Welles Calls On King And Mussolini

Significance Seen In Plan To Visit Pope Pius

By ELEANOR PACKARD

Rome, March 16—(UP)—The newspaper Corriere Padano of Ferrara, owned by Marshal Italo Balbo, governor of Libya, said today in connection with Sumner Welles' visit to Rome that peace in Europe still is possible since the war has not yet entered a decisive phase.

Special importance was attached to the editorial by authoritative Italian circles. It was handed to foreign correspondents immediately after Welles had conferred separately with King Victor Emmanuel and Foreign Minister Count Galeazzo Ciano.

Welles will see Premier Benito Mussolini later today and it was probable that he would talk with Pope Pius XII at the Vatican tomorrow.

Balbo's newspaper said that Welles' present visit to Rome was of much more importance than his first, a fortnight ago in view of recent developments in Europe and the settlement of the Russo-Finnish conflict.

Important Role

The United States has great authority in Europe and should play an important role in European peace, the editorial said. It described Welles as an "impartial, authoritative observer," revealing the former attitude of the Italian press, which called him a "cool horse."

Damaged Machinery Hampers Rescue

BULLETIN

St. Clairsville, Ohio, March 16—(AP)—President H. L. Ireland of the Hanna Coal company said today he believed there were 200 men entombed in the company's Willa Grove pit near here, where a terrific explosion shattered the diggings soon after midnight.

Bellaire, O., March 16—(UP)—Two men were killed and 180 feared trapped today as an explosion ripped through the Willow Grove mine near here.

First reports said bodies of the mine foreman and superintendent were removed from the mine. Their names were not learned immediately.

The mine is owned by the Hanna Coal company. An official of the mine refused to give out any information concerning the blast.

"You'll have to call back later," he said, "we are utilizing the telephone lines in an effort to summon ambulances."

Early reports identified the superintendent as a man named Richards.

The mine, situated 12 miles west of Bellaire, was visited about a year ago by Mrs. Franklin D. Roosevelt.

The mine is located about five miles southeast of St. Clairsville, the county seat of Belmont county in eastern Ohio, and about eight miles west of Bellaire.

Sheriff Howard Duff left from St. Clairsville with six deputies immediately after reports of the explosion reached him.

His office said a "gas explosion" occurred.

The Willow Grove mine is the largest bituminous mine in eastern Ohio and employs normally between 600 and 800 men.

Describe Terms As Intolerable And Impossible

By the Associated Press

Peace in the north swung the spotlight across restless Europe today to intense diplomatic maneuvering centering on Rumania, whose grain and oil bulk importantly in the European war.

In the latest development in the ceaseless jockeying for position, Rumania was reported to have turned a cold shoulder toward a German plan under which Hungarian and Soviet Rumanian border guarantees would be won through concessions to Germany.

Russia has her eyes on Rumania because the latter gained Bessarabia from Imperial Russia in the world war; Hungary seeks Transylvania, which once belonged to the Austro-Hungarian empire; Germany needs Rumanian products to ease the effects of the Allied blockade.

Under the reported German plan, Germany would engineer a 25-year Russian-Rumanian non-aggression pact and a 10-year Hungarian pledge not to press for territorial revision in return for these concessions by Rumania.

Salesman's Trial To Jury at Watseka

Watseka, March 16—(RN Special)—The case of Abe Stoloff, Chicago hosiery salesman charged with operating a confidence game in misrepresenting merchandise here, went to the jury shortly after noon today.

Yesterday Stoloff was on the stand an hour, testifying that he told prospective customers he had something new to show them, indicating that the merchandise was "all real silk."

Customers thought they were still buying Real Silk, a trade name for a special high quality hose.

Stoloff also testified that he gave his customers a receipt from the Ferrell Merchandising house of Indianapolis, which firm he represented after leaving the Real Silk company.

Circuit Judge Roscoe C. South admitted into evidence testimony as to Stoloff's criminal record, in which it was revealed he had served time in Wisconsin, California and Illinois prisons for burglary.

Holy Week Opens In Jerusalem

Jerusalem, March 16—(AP)—In an atmosphere of peace, undisturbed for the first time in four years by racial strife, celebration of Holy week opened today with a solemn entry into the Church of the Holy Sepulchre, which stands on the supposed site of Christ's tomb.

The procession to the church built (A. D. 326-336) by order of Emperor Constantine started from Jaffa's gate in Jerusalem's old city. The acting Roman Catholic (Latin) patriarch, Monsignor Francesco Pellinger led the procession followed by 50 priests representing Catholic orders.

The procession wound its way in brilliant spring sunshine through streets strewn with palm branches while bells pealed from all the Christian churches of the city.

Tomorrow hundreds of pilgrims will assemble at Bethany, ancient home of Mary and Martha, for a procession into Jerusalem along hill paths through the historic village of Bethpage, where Christ chose two messengers to go before him to announce his entry into the Holy city on the first Palm Sunday.

Old St. Patrick Day Legend Comes True This Year

The old Irish legend that when the shamrock and the palm meet, there shall be peace in Ireland comes true this year. Tomorrow, Palm Sunday, is also the feast of St. Patrick in the Catholic church.

It is rare in history when these two feasts occur the same date. Ireland, although England and most of her allied nations and dominions are at war, is at peace with the world today.

St. Patrick parish of this city will have two celebrations in honor of the parish's patron saint over the week-end. The public celebration will be the annual ball and card party this evening at the armory.

The religious observance will be a solemn high mass at 12 o'clock noon Sunday. There will be a special sermon about St. Patrick and the boys' vested choir directed by Sister Mary Bede will sing. The palms will also be blessed and distributed at this mass.

Whipping Post Punishment For 8 Men

Eight Convicted Of Robbery And Holdup; Delaware

Wilmington, Del., March 16—(UP)—Eight men were given a total of 80 lashes in the courtyard of the New Castle county workhouse today in the greatest demonstration of this form of punishment that has come down from colonial times.

As a driving sleet and snowstorm swirled about them, the men were led in pairs, stripped to the waist and shackled to the ancient whipping post, with their hands and arms above their heads.

Each man received 10 lashes at the hands of veteran Warden Elwood H. Wilson, as his deputy, Thomas Wheatley counted off the number in a time-honored formula.

Delaware is one of the few states in which this form of corporal punishment has survived.

Those whipped were Hugh McClelland, 2, and his brother Robert, 34, James Stewart, 21, and Walter Latham, 28, all white; and James Turner, 24, Lewis Brown, 36, Webster Stanford, 46, and Wilbert Wilson, 25, all Negroes. All were convicted of robbery and holdup charges and were given additional prison sentences besides the lashing.

"Eighty-five persons witnessed the lashings in the ancient court yard. Although huge red welts rose on the bare backs of the defendants, Warden Wilson did not draw blood in his repeated, stiff-armed strokes with a cat o' nine tails.

The men flinched at each downward beat of the whip, but all steeled themselves from crying out. After the whipping they were led back to their cells to begin their sentences.

The McClelland brothers were the first led to the courtyard from a tunnel from the workhouse. The others awaited their turns at the whipping post under the shelter of the tunnel. Two white men and then two Negroes were whipped in succession.

FINALS TONIGHT IN STATE PREP BASKET TO BUTLER

Butler Relays Participants Threaten World Mark

6 Records In Danger; 26 Schools Vie

Indianapolis, March 16.—One world record and perhaps a half-dozen more marks may be kicked into oblivion tonight as star college track and field performers renew for the eighth time the Butler relay relay.

Approximately 10,000 spectators are expected to fill the big fieldhouse for the opening event—the pole vault and high jump—which began at 7 o'clock (C. S. T.) twenty-six schools have 250 entrants in the relay.

Host Coach Ray Bears predicted that there was "an excellent chance" that the present world record mark of 6.74 for the mile-and-a-half would be erased by a strong field entered in that special event. Edwin Wide, Sweden hung up the record in 1927.

Stanley in the feature event will be Greg Rice, former Notre Dame star who broke world records for two miles and three miles in his last two starts; Walter Mehl, graduate student at the University of Missouri; Big Six mile champion; Joe McLaughlin of the New York University; and Fred Merly of Michigan State; Fred Merly, Indiana University, freshman, and Earl Mitchell, Butler freshman, who will pace the first mile.

Ed Smith of Wisconsin is a threat to break the 60-yard high hurdle record of seven and four-tenths seconds set in 1934 by Kent Sandbach of Purdue.

Michigan's Big Ten champion mile relay team is capable of breaking the world record of 3:04.4 set by the Michigan team in 1937. The Butler relay team of 7:44, made by Ohio State in 1937. The Butler relay team also is connected with a chance to set something of the old record of 10:18.4 set by the 1938 Indiana team.

Other Record Chances
The Butler mark of 8:01.2 in the college three-mile relay, established by Pittsburgh (Penn.) Teachers in 1936.

There are possibilities of new marks in the 60-yard low hurdle, pole vault, shot put and college mile relay.

Trotters Quest Triumph In \$15,000 Cage

Returning triumphantly to Kankakee, where they have been beaten, the original Harlem Globes at the barbed house of David tonight at the armory Thursday night against a field of experts the greatest in the country.

Substantiated that claim is a string of 117 victories achieved by the clever dusky cagers in 119 games this season against the most formidable opposition in the central, northwest and far northwest, where basketball teams come charged to a M. A. Superdome, who once the Harlem Globes have proved conclusively his team's right to the honor by winning the \$15,000 world championship tournament which will close the season's rivalry between them.

In Inman-Jackson, Ted Strong, Babe Presley, Bernie Price, Sonny Bowdell, Duke Cumberland and Al Fawks, the Harlem Globes have by a wide margin in their 13 years of existence, during which they have won 1,714 of 1,840 contests.

In the Semifinal House of David, however, the Trotters' sack up against the strongest competition they have ever encountered in Kankakee, as attested by a 40 to 38 decision gained by the boys with the Van Dykes for one of the two victories secured by the Harlem Globes in the art of ball-handling and making the large-sized shot do everything but talk.

The game opening the card at 7 o'clock, the Kankakee Merchants and Alpha Sigs will attempt to settle the season's rivalry between them.

Fenske Runs In Armour Relays

Chicago, March 16.—Charles (Chuck) Fenske, the "miler" of the year, will bring his long legs after another track mark tonight at the annual Armour Relays at the University of Chicago field-house.

Fenske will tie or set a new indoor three-quarter mile record and will break the world record of 3:43.4, set by Lloyd Cullen, 1938 winner, in the 1,000-yard race. Fenske will also attempt to break the world record of 1:50.0, set by Earl Mitchell, Butler freshman, in the 100-yard dash.

Maki Victor Over Deckard In 3-Mile Match

Chicago, March 16.—Valdo Maki, Finland's great distance runner, is satisfied that he will be ready for his "race of the century" March 30 at New York with little Gregory Rice, the former Notre Dame star, and Paavo Nurmi, who are making a series of appearances for the Finnish relief fund, headed to day for Kansas City, headed to the three-mile match of 14:01.9 made last night against Ted Tommy Deckard, former Indiana star.

Maki, as was expected, was pressed at any point in the race at the University of Chicago field-house. His fractional times, however, brought a grin to the face of his coach, Nurmi. The latter said he was certain Maki would be in the top shape for his race against Rice.

There are those who say the scaling facilities aren't what they should be for the state finals and that Champion-Tribuna can't act as a referee for the state finals. They advocate Chicago and its stadium, Springfield or Peoria. What should be done, as of Illinois recently pointed out, is a new gymnasium capable of seating 10,000 persons or more, so that the final be reduced to a four-day event, as it is the custom in Indiana.

Dix Leaves to Join Cubs

Dixey Dean, who milled down his Texas farm where he played holdout, is shown just before he left Dallas to join the Chicago Cubs on the west coast tour. He may be seen at the big ball game, but it is doubtful if his muscle relief he'll need after training with his teammates who have been in camp since several weeks.

One Favorite In Best Ball Golf Tournament

St. Louis, Mo., March 16.—P. H. Porter, assistant manager of the St. Louis Athletic Association, says that the favorite in the best ball golf tournament is "Buddy" Jones, a 21-year-old St. Louis native.

Porter, who has been in the St. Louis Athletic Association since 1925, says that Jones is a "real ball player" and that he is "the only one who can hit a home run" in the tournament.

Thomas Mitchell As Mr. Robinson of Famed Novel

Sparkling with action and drama, Gene Towne's and Graham Baker's production for RKO Radio of Johann David Wyss' immortal human story, "Swiss Family Robinson," will start Sunday at the Paramount for a three day run, with a cast headed by such convincing players as Thomas Mitchell, Edna Best, Freddie Bartholomew, Terry Kilburn, Tim Holt and Baby Bobby Quillan. Few stories have captured the world's imagination as has this 130-year-old tale of adventure and peril on a South Sea island, a tale that has been a best-seller for more than a century, and the film faithfully visualizes its spirit and action.

The adventure takes place during the Napoleonic era when all Europe was harassed by war and uncertainty. Robinson, a wealthy Swiss watchmaker in London, sees his four children growing up to become useful faddists and in desperation he sells everything and sets out with his rebellious family to begin a new life in distant Australia.

In the South Seas a storm wrecks their vessel. Only the Robinsons survive. When the waves subside they build a raft, ferry themselves and some live-stock, tools and clothing to a near-by island, a tropical paradise alive with gay colored birds and strange animals.

Their subsequent difficulties, a terrific tropical storm that devastates the island and smashes their carefully built tree house, and their daily excitement and thrills of their picturesque lives, all contrast vividly with the emotional drama of the story—of Robinson's determination to make men of his sons despite his wife's snobbish attitude. How he finally imbues them all with his ideals and wins their love and respect and cooperation, makes for the gripping appeal of the film.

Thomas Mitchell, one of the screen's foremost character actors, and Edna Best, noted British actress, play the elder Robinsons, with the four boys being portrayed by the other four featured players, Tim Holt is seen as the oldest of the children, Freddie Bartholomew as the second, Terry Kilburn as the third and little Bobby Quillan as the baby of the family.

The settings of the picture, especially the tropic island sequences, are rated among the most unique and intriguing ever shown on the screen, for they bring to life all the highlights of the familiar tale in brilliantly vivid fashion. And the "Swiss Family Robinson" is a family seeking refuge from the anxiety and stress of a war-torn Europe, makes the offering particularly timely today.

Gene Towne and Graham Baker also collaborated with Walter Ferris in preparing the screen play. Edward Ludwig directed.

SAVED BICYCLE—LOST BARN
Saugus, Mass.—(INS)—Burn down the barn to get your bicycle going?

George Golden didn't follow that formula completely but the result was the same. Finding the chain and gear of his bicycle frozen, George burned newspapers under them to free his bike. He stamped out the flames and rode the bicycle out of the yard.

Apparently he didn't complete the job of stamping out the flames because the resultant fire caused \$200 damage in destroying the barn and scorching the side of his home.
